

Premium Suture

Minimize Your Frustration with Oral Surgery

Save Big

Securos Surgical can save you up to 76% on suture when switching from the industry leader. The average savings per hospital based on the most common suture offerings is 41%.

Ask your MWI Animal Health sales representative about our 100% money-back guarantee and sample the Securos Suture line today!

Veterinary dentistry can be a frustrating part of your day, so we are doing our part to help your day run smoother with a complete dental suture offering. Our fast absorbing suture, Securosorb Quick™, partnered with the improved visibility of our Cobra Black® needles provides the ideal suture for veterinary oral surgery. These dental specific suture strands are cut to 18" for better handling in the tight spaces. Securocryl™ and Chromic Gut are also commonly used in oral surgery and select sizes are available in 18" strands.

Additional Features

- Racetrack packaging design delivers low suture memory
- One dozen packaging
- Proudly made in USA
