

## Tibial Tuberosity Advancement (TTA) Course

### Frequently Asked Questions

#### Is there an online lecture for this course?

No, the Tibial Tuberosity Advancement (TTA) course includes a live lecture and hands-on wet lab. It does not have an online lecture.

#### Is this course RACE approved?

This course includes the following program:

- Comprehensive Tibial Tuberosity Advancement (TTA) 1-Day Course\*

\*This program has been approved for 9 hours of continuing education credit in jurisdictions which recognize RACE approval. Any changes to the program will be distributed to attendees upon approval and posted to this page. Any changes to the program will be distributed to attendees upon approval. Visit [www.securus.com](http://www.securus.com) for the latest information on this program.

#### What should I wear?

Attendees should wear attire that is comfortable and cadaver friendly. Securos University will provide plastic aprons, gloves, and masks to protect you and your clothes, but accidents happen. Scrubs are always a good choice.

#### What is your Registration Fee Refund Policy?

Attendees can cancel their registration for any reason and receive a full refund of their registration fee up until 30 days before the event. After the 30-day deadline, refunds will be considered case by case.

#### What is your Cancellation Policy?

Securos University reserves the right to cancel an event for any reason at any time up until 30 days before the event. If the event is canceled, Securos University will provide a full refund for each attendee's registration fee. Securos University will not be responsible for any other attendee fees, such as transportation or hotel fees.

#### Will we be working with cadavers or bone models?

Each attendee will practice the TTA surgical technique on a canine knee cadaver.

#### COVID-19

As it pertains to our Securos University Wet Labs in 2022, we will keep attendees informed of any update, changes, or adjustments that may arise as the COVID-19 situation evolves. Visit [securus.com](http://securus.com) or [click here](#) to download the latest COVID-19 protocols.
