

Tibial Tuberosity Advancement (TTA) Course

Frequently Asked Questions

How do I access the online lecture?

The online lecture consists of four modules. Each module includes a 50-minute video and a five-question quiz. Attendees must score 70% or higher on the quizzes to earn 1 CE credit per module. Registered attendees will receive an email with a link to access the online lecture 30 days before the hands-on wet lab. Attendees must complete all four modules before attending the hands-on wet lab.

Is this course RACE approved?

This course includes the following programs:

- Tibial Tuberosity Advancement Part 1: CCL Rupture Pathophysiology and Review of the Meniscus*
- Tibial Tuberosity Advancement Part 2: Surgical Theory, Biomechanics, and Pre-op Planning*
- Tibial Tuberosity Advancement Part 3: Instrumentation, Surgical Technique, and Post-Op Management*
- Tibial Tuberosity Advancement Part 4: Complications*
- Tibial Tuberosity Advancement (TTA): Wet Lab**

*This program has been approved for 1 hours of continuing education credit in jurisdictions that recognize RACE approval.

**This program has been approved for 9 hours of continuing education credit in jurisdictions that recognize RACE approval.

Will course notes/materials be provided?

Securos University will provide a copy of any PowerPoint presentations the instructor uses during lecture. The copies provided are yours to take home, so feel free to take notes and scribble on them as needed.

What should I wear?

Attendees should wear attire that is comfortable and cadaver friendly. Securos University will provide plastic aprons, gloves, and masks to protect you and your clothes, but accidents happen. Scrubs are always a good choice.

What is your Registration Fee Refund Policy?

Attendees can cancel their registration for any reason and receive a full refund of their registration fee up until 14 days before the event. After the 14-day deadline, refunds will be considered case by case.

What is your Cancellation Policy?

Securos University reserves the right to cancel an event for any reason at any time up until 30 days before the event. If the event is canceled, Securos University will provide a full refund for each attendee's registration fee. Securos University will not be responsible for any other attendee fees, such as transportation or hotel fees.

Will we be working with cadavers or bone models?

Each attendee will practice the TTA surgical technique on a bone model and two canine knee cadavers.

COVID-19

For the Securos University wet labs in 2021, Securos supplies personal protective equipment (PPE) for every attendee, faculty member, and support staff in attendance. For additional protection this year, Securos has added face shields and surgical aprons to our PPE supplies. We've also booked additional space for each event to accommodate social distancing guidelines and minimize unnecessary contact with fellow wet lab attendees. In addition, Securos has eliminated shared resource tables by upgrading each attendee's workshop table with assigned resources and more surgical space. As a final measure to reduce potential cross contamination, Securos will offer all PowerPoint notes and surveys in a digital format and only offer printed material upon request. As it pertains to our Securos University Wet Labs in 2021, we will keep attendees informed of any update, changes, or adjustments that may arise as the COVID-19 situation evolves.
